Databases

37

This database includes the renowned Biological Sciences, MEDLINE, and TOXLINE databases and provides full-text titles from around the world

The screenshot shows the ProQuest website interface for the Biological Science Database. At the top left is the ProQuest logo. To the right are icons for a clock, a folder, a user profile, and a question mark. Below the logo is a breadcrumb trail: "All databases > Science & Technology databases > Biological Science Database | Change databases". The main heading is "Biological Science Database". Below this are three tabs: "Basic Search" (highlighted in teal), "Advanced Search", and "Publications". A large search bar is centered, with a magnifying glass icon on the right. Below the search bar are two filter options: "Full text" and "Peer reviewed" (with an information icon). To the right of the filters are links for "Recent searches" and "Search tips". The background of the interface is a green-tinted image of a frog's face.

Databases

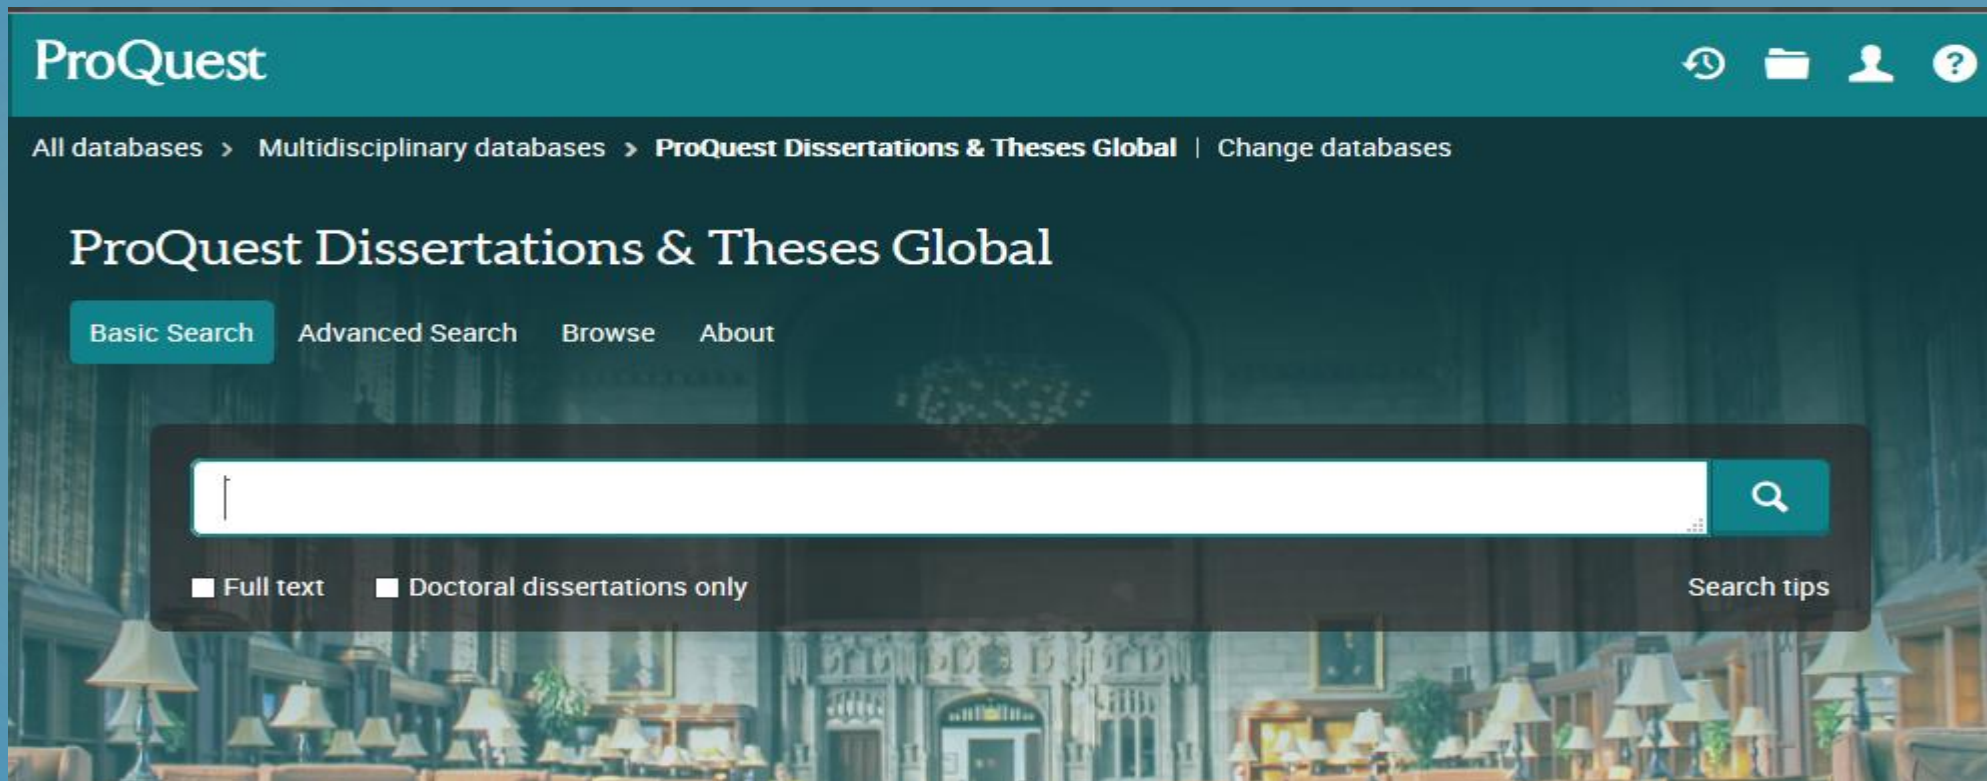

38

This database offers reliable, comprehensive coverage of the fields of nursing and allied health including journals, video, dissertations, reference books and more.

The screenshot shows the ProQuest website interface for the Nursing & Allied Health Database. At the top left is the ProQuest logo. Below it is a breadcrumb trail: "All databases > Health & Medicine databases > Nursing & Allied Health Database | Change databases". The main heading is "Nursing & Allied Health Database". Below the heading are navigation tabs: "Basic Search" (highlighted), "Advanced Search", "Publications", "Browse", and "About". A large search bar is centered, with a magnifying glass icon on the right. Below the search bar are two filter options: "Full text" and "Peer reviewed" (with an information icon). On the right side, there are links for "Recent searches" and "Search tips". The background of the interface is a blurred image of healthcare professionals in a clinical setting.

Databases

ProQuest Dissertations & Theses Global is the world's most comprehensive collection of dissertations and theses from around the world, spanning from 1743 to the present day and offering full text for graduate works added since 1997.

Databases

40

This database provides abstracts and indexing for key Psychology titles. Coverage ranges from behavioral, clinical, cognitive, developmental, experimental, industrial and social psychology, along with personality, psychobiology and psychometrics.

The screenshot shows the ProQuest Psychology Database homepage. At the top left is the ProQuest logo. Below it is a breadcrumb trail: "All databases > Health & Medicine databases > Psychology Database | Change databases". The main heading is "Psychology Database". Below the heading are four navigation tabs: "Basic Search" (highlighted in teal), "Advanced Search", "Publications", and "About". A large search bar is centered below the tabs, with a magnifying glass icon on the right. Below the search bar are two filter options: "Full text" and "Peer reviewed" (with an information icon). In the bottom right corner, there are links for "Recent searches" and "Search tips". The background of the interface features a faint, artistic image of a human brain.
